## Unlimited Potential

Micro LED Strip Lighting

# Micro LED Light Strip™

## Product Overview

Micro LED Strip is an innovative product that is flexible, inter-connectable, and long lasting. Using Light Emit Diode which has a useful life of over 100,000 hours makes Micro LED not only very efficient on power consumption but can be used for unlimited applications from decoration to safety. Micro LED's Solid polymer jacket ensures product durability that saves maintenance cost. Short modular construction and the possible installation of 1000 metres in length makes LED Light Strip the right choice for just about any application.

## Product Features

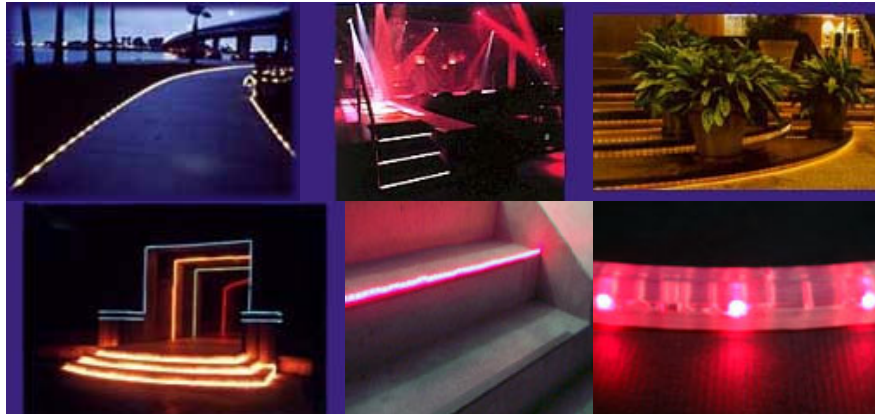

- ⌘ Power savings
- ⌘ Impact Resistant
- ⌘ Water Resistant
- ⌘ Flexible
- ⌘ Inter-connectable
- ⌘ Colour Range
- ⌘ Size Range
- ⌘ Flashing (available)

## Product Applications

**UNLIMITED !!!!!!!!!!!!!!!**

## Product Specifications

Dim of Rod	6mm x 12mm
Length	50m / 100m or custom length
LED type	Ultra bright LED on board
Voltage	12V, 24V, 110V or 230V

253 Lincoln Road, P O Box 9151
